## Branding Advantage:

For a certain order quantity we can brand in your own name and/or your own company colour on the plastic injection moulded parts.

## Packaging Advantage:

The X-Cart is packaged in a white glossy retail style carton with an instruction manual for the customer on how to use. This white glossy carton is printed with images and specifications on the outside which means it can be sold through retail outlets.

## Wheels Advantage:

The front and rear wheels have a high performance roller ball bearing which gives the user very smooth operation.

## Basket Advantage:

The basket is the perfect size to fit foolscap suspension files for use in offices and schools.

## Platform Size Advantage:

The X-Cart platforms fit perfectly the standard materials handling crate sizes No.7, No.10 and No.15 on both the bottom and top platforms as pictured here which makes the X-Cart useable as an order picking cart and many other uses with the option of using the folding basket supplied or larger crates which both lock into place on the platforms.

## X-CART FOLDING TROLLEY

The X-Cart is a collapsible trolley that can be used for hundreds of applications. It is ideal for use in the workplace, schools, home, office, hospitals, courier services, shopping malls, nursing homes and much more!

It can be completely collapsed by the push of a button on the handle. The wheels are able to be removed by the push of a button and stored underneath for compact transport and storage.

The X-Cart is supplied with one collapsible basket which will lock into place on either the top or bottom platform.

The top platform can be folded back to allow larger items to be transported. Extra baskets can be purchased for use on both platforms or up to 4 baskets can be stacked on the bottom platform. The basket fits foolscap suspension files - great for transporting documents throughout the office.

A robust foot pedal brake allows the X-Cart to be locked in position whilst loading or unloading.

The injection moulded plastic and aluminium design means that whilst the X-Cart is lightweight it is still very robust and has a great carrying capacity.

### Dimensions

- Overall Length Assembled: 1000mm (39in)
- Overall Width Assembled: 600mm (23in)
- Overall Height Assembled: 1070mm (42in)
- Overall Length Folded: 740mm (29in)
- Overall Width Folded: 540mm (21in)
- Overall Height Folded: 105mm (4in)
